Dear Mums, Dads, Carers and Community Colleagues

Due to the late Easter, this has been a very short half term, but certainly no less action-packed; as I hope you would expect from the Wessex Learning Trust!

In one way or another, the exam season is officially upon us – whether it is SATs or the summer GCSE, A Level and BTECs exams. Such is the educational cycle. With a positive mindset, this is the culmination of lots of preparation and hard work and as a student commented to me, it is an opportunity to rise to the challenge and test themselves and thereby prove what they have learned. Even if, it is only human that this might especially be the case for those subjects they particularly enjoy!

But equally, it is busy and pressured and can be a time of some stressful feelings. Of course, we want all our children to be successful and to feel confident in their abilities and under exam conditions. So, be assured this means another layer of caring welfare as our teachers guide and encourage and inspire resilience so that all our children whatever exam or test they might be taking. We wish all our pupils every success in the forthcoming summer exams.

Do your best because we believe in you. Every single one of you!

From Executive Headteacher Gavin Ball and all the staff in the Wessex Learning Trust ☆
